Financial Policy & Service Fees

Financial Policy and Chiropractic Active Life Plans

Dr. Christine is committed to providing you with the best chiropractic care possible in a caring environment and have established our financial policies to achieve that goal. We appreciate your ongoing attention to your account with Family First Chiropractic.

- ❑ **Insurance:** Insurance plans often provide limited chiropractic benefits which may cover some but not all of the fees for your care. We accept BC/BS, CIGNA, MVP, CBA, Medicare, Medicaid, personal injury and workman's compensation insurances. If your insurance is not one of these, please inquire with us as to whether we can accept your policy. By signing below, you authorize the release of any medical or other information necessary to process insurance claims and authorize the payment of medical benefits to the undersigned physician for services described above. If your insurance company fails to pay its share within 60 days of submission, you will be expected to pay amounts due. And, if your insurance is like MVP or Medicaid, there may be uncovered services or exceeded benefits that cannot be billed to the insurer which will be the patient's responsibility. You will be expected to pay for your care at the time of service until your insurance benefits are verified by our office.

- ❑ **Payment:** We encourage our practice members to pay at the time of service for any patient amounts due, as it is a simple and economical way to pay for your care. We accept cash, check, Visa, MasterCard, and Discover. Receipts for tax purposes or a health savings account (HSA) indicating the total amount you have paid for chiropractic care during the year are available upon request. For added speed and discount, you may choose to arrange one of our Active Life Plans (Corrective or Wellness Adjustment Plans) whereby the amounts of any deductible, co-pays, co-insurance, uncovered services or exceeded benefits that you are responsible for can be included in your monthly or preplan plan to simplify your payment process. We will discuss your insurance coverage and the available payment options with you during your Chiropractic Report.
